

SUGGESTIONS FOR PRAYING THE ROSARY OF CREATION

Each group is different and may pray the Rosary of Creation in person or virtually, adapted to the reality of the participants.

Each Rosary of Joy, Sorrow and Glory is to be prayed at different times, so there are three prayer meetings.

It is important to adapt it to the group's knowledge of *Laudato Si*. In some cases the presenter may need to briefly explain the contents of the encyclical to introduce the group to the concept of integral ecology.

You may begin and/or end each of the three sections of the rosary with a song appropriate to the theme.

At the end of each rosary, invite participants to share a prayer or reflection from what inspired them in the text and photos.
